REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art fails to teach the specifically substituted compounds of claim 1 as luminescent material in a layer of an OLED as required. Accordingly, claims 1-11 are allowed.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. It is noted that the "provisional terminal disclaimer" set forth in applicant's remarks filed June 24, 2006 was not a proper terminal disclaimer since it was not set forth on a separate sheet from the remarks. Since the disclaimer is improper, no fee for the disclaimer has been charged to applicant. Upon further consideration by the examiner, the prior double patenting rejection is withdrawn and therefore a terminal disclaimer is no longer required.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dawn Garrett whose telephone number is (571) 272-1523. The examiner can normally be reached Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rena Dye can be reached at (571) 272-3186. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
